

# Resume - Shawn Sanchez

U.S. Citizen	shawnit <at> live.com	623-850-4565	quincysoul.github.com
--------------	-----------------------	--------------	-----------------------

## Software Engineer - American Express

Used Java and Javascript to develop technical solutions.

- SOAP to REST Upgrade: Decommissioned SOAP software for certain markets and replaced with modern REST API adapter.
- Cache-busting: To resolve customer issues with clearing cache, implemented a versioning system to always deliver up to date files.
- Angular upgrade: Updated angular libraries across multiple repositories
- React.js features: Contributed to react.js user stories for corporate card management features.
